

Why Eczema Patients Suffer

No Wonder They Despair—But Cure Has Now Been Found.

It is a strange thing about eczema. After waiting months on nostrums, dosing the stomach or smearing on greasy salves for years, many a skin sufferer gives up despair. He says: "What is the use, some may be cured, but my case is hopeless." But a trial of the simplest remedy—just a little oil of wintergreen properly compounded (as in D. D. D. Prescription) will wash away that itch. In fact, it will take away that itch immediately, the instant D. D. D. is applied.

Read this letter from Thomas Chapman, U. P. Passenger Agent at Ellis, Kan.

"I cannot delay any longer writing to tell you how grateful I feel for the great benefit I have received from your marvelous skin remedy, D. D. D. Prescription. Besides finding it a wonderful cure for itching, fever, sores, Cuban itch, chafing around certain parts of the body, caused by perspiration, etc., and, in fact, I have applied it to the trouble cases."

Now, if there is any one in your town suffering with eczema, ringworm, tetter, psoriasis or poison ivy, tell this sufferer not to sit back and say: "I have tried everything; there is no cure for me."

Call at our store and we shall explain. Owens & Minor Drug Co.

A Special Demonstration of the

Redfern Corsets

This Corset is unquestionably the correct base for the fashionable woman's gowning, which this season shows overdrapes, panniers and flounces.

Materials are so pliable and "chiffon" that with the properly selected Corset, properly fitted, the effect is one of figure elegance, and the fashions are refreshing.

Beginning to-morrow, Miss Elwood, an expert corsetier, sent direct from the manufacturer, will be located in our Corset Department for two weeks. The women of Richmond and vicinity are cordially invited to meet her during her stay here.

Some of you, perhaps, have already met Miss Elwood before, and will be delighted to have her explain the merits of this Corset fully, without being under any obligations to buy.

The figure keynote of the season is naturalness—curves, not straight lines. However, one must be careful in the selection of the Corset, as the long-skirt models, with the waistline extending into the hip, unless properly selected and fitted, will make the hips with their draperies look as round as a barrel.

Redfern Models have Security Rubber Button Hose Supporters attached, and range in price from \$15.00 down to \$
